Dear friends,

Wanna hear a crazy story? Listen to this story from one of our missionaries in the field in Doro, South Sudan:

Only in your dreams!

"[One of our missionaries] has been doing some discipleship with some young men using a material called "Train and Multiply". He has given a copy of this to Yassir, who works in the clinic and is in the Nuba church. Yassir gave a copy of these materials to Getachew to give to the believers in Gendrassa [refugee camp] to encourage them. The believers took the materials and have been reading through them. One day, a man saw one of the believers reading the material and told them that for two years he has been having a dream about that booklet. He didn't know what it was and he has been searching for it for two years and he finally found it in the hands of one of the Ingassena believers! He asked to read it and they gave it to him. I don't know if he has come to faith yet but it is an example of the crazy steps and relationships God uses so that only HE gets the glory." - E.F.

What does it look like for a Kenyan and Indian worker to minister in South Sudan? What does it look like for people to share their lives with others? Maybe it looks like this.

What does it look like?

Ever wonder what it looks like to share the Gospel in the refugee camp in South Sudan? Getachew (middle) from Ethiopia is doing just that. What happens when the man who now stands at the door, knocks? Maybe they'll hear his voice?
